COMPREHENSIVE

These million sq ft of modern business space created in Heathrow, a further 100,000 sq ft of office, retail, leisure, residential, sports and leisure development delivered through the LHR.com

The modern SEGRO comprehensive office at the Thames Valley received a score of 8.5 for its design and build quality.

For more than 80 years, we've focused on identifying what our customers need, where they work & finding a way to deliver business space in strategic locations, not other locations on the market such as hotels, for the leading business, retail, leisure, health and fitness centres, clubs and more.

That's why so many of the UK's leading companies choose SEGRO as their property partner, not only in the Thames Valley, but throughout the UK and across Europe.
